

Al Naba Group rings in 2016 with strong ambitions for growth

MUSCAT: Al Naba Group of Companies kicked off the New Year with a celebratory get-together that also saw management and senior staff stand shoulder to shoulder in a reaffirmation of their collective commitment to advancing the group's strategic and business growth objectives during 2016.

Sayed Khalid bin Hamed bin Sayf Al Busaidi, group chairman, led fellow board members and senior management colleagues at the get-together at the Banquet Hall of Oman Tourism College recently. The annual event, held at the start of each new year, is in line with a longstanding tradition that underscores the warm fraternal ties characterizing the relationships between management and the company's large workforce, says a press release.

Also in keeping with the spirit of the event, a number of long-serving employees of the group were felicitated on the completion of 25 years and 10 years of service. They were presented with awards and gifts in appreciation of their dedicated services to the company as well as at their testimonial birthwork.

Speaking on the occasion, the chairman expressed his sincere thanks to the Al Naba family - indeed our

greatest asset - for their commendable contribution during the past year.

"As we ring in the new calendar year, I am confident that we will collectively rise to the challenges and deliver another superlative fiscal year," the chairman remarked.

Corporate and business highlights of the past year were captured in a striking video that was played at the start of the event. Department heads took turns in the video to outline their respective strategies for driving the group's overall success. A separate video produced by the employees, outlined their perspectives on the promising career and growth opportunities afforded by Al Naba to the Omanis staff.

Both videos encapsulate the impressive strides that Al Naba

Group has achieved over the past three decades. Today, Al Naba Group ranks as one of Oman's top 10 corporate brands with over 9,000 employees and a geographical footprint that spans not only the length and breadth of the Sultanate, but extends into the UAE, Saudi Arabia and Qatar as well.
